

T.P.A. MEETING  
FOR 1922 MAY  
BE AT EL PASO

El Paso may land the 1922 state convention of the Travelers' Protective Association. This was indicated Saturday night at a meeting of post 2 of that organization at a dinner at the Hotel Shelton. Howard W. Peak, one time national president of the T. P. A. of America, who was a guest and a speaker, said he knew that many members in east Texas would like to come here to the convention. Mr. Peak lives in Port Worth. He owns a mine near Lordeburg, N. M., and happened to be in El Paso on business. He was president of the national T. P. A. 18 years when a traveling man was known as a drummer.

E. F. Gotsdroy was elected president of the local post of the T. P. A. at the Saturday night meeting. Mr. Gotsdroy resigned on account of out of town business taking up so much of his time. Mr. E. F. Gotsdroy was named temporary secretary. Regular meetings hereafter will be held on the first and third Saturdays of each month at the Shelton. Mr. A. A. headquarters. Jules Grandmougin announced that he would give a duck dinner at the Shelton, on October 13 at 7:30 o'clock at Hotel Shelton. Mr. Grandmougin and H. L. Lockhart both gave \$25 toward the duck dinner.

**BOAT CLUB ROOM.**  
The boys' club, newly organized at the Y. M. C. A. building, rooms on the first floor, and in the basement of the central branch building. Members are donating some personal possessions to adorn the quarters which will be an advantage for all club meetings and activities.

A billion dollars stacked in one pile would reach a height of 248 miles.

WOMEN OF  
MIDDLE AGE

May Pass the Critical Period  
Safely and Comfortably by  
Taking Lydia E. Pinkham's  
Vegetable Compound.

Summit, N. J.—"I have taken Lydia E. Pinkham's Vegetable Compound during Change of Life and I think it is a good remedy in such a condition. I could not digest my food and had much pain and burning in my stomach after meals. I could not sleep, had backache, and a dizziness of all sorts."

the hot flashes. I saw in the papers about Vegetable Compound so I tried it. Now I feel all right and can work better. You have my permission to publish this letter."—VICTORIA KERR, 21 Oak Ridge Ave., Summit, N. J.

If you have warning symptoms such as a sense of suffocation, hot flashes, headaches, lachrymation, dizziness, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness, inactivity and dizziness, get a bottle of Lydia E. Pinkham's Vegetable Compound and begin taking the medicine at once. We know it will help you as it did Mrs. Koppl.

16 NEW WELLS  
IN LOUISIANA  
FIELD, RECORD

Shreveport, La., Sept. 12.—Sixteen new wells were brought in in the northern Louisiana oil fields during the week past. Five of these were also brought in. The total initial oil production for the week was 1688 barrels. The Homer field claims 861 barrels of this, while Bull Bayou gets 743 barrels. Seven new wells are being brought in in both districts.

The northern fields produced a total of 55,000 barrels, which was divided as follows: Caddo field, 5900 barrels; heavy, 5100 barrels; Bull Bayou, 16,000 barrels; Claiborne, 60,000 barrels.

**SETTING OIL RIG NEAR  
THE OLD TURNEY WELL.**  
Fort Stockton, Texas, Sept. 12.—Peas Bros. rig builders are at work this week, setting a Standard rig for the Oil Corporation on section 19, block 140, 23 miles northwest of Fort Stockton, and in the immediate vicinity of the old Turney well, drilled 20 years ago and then abandoned, because of the then cheap price of crude, supplemented by the fact that there were no pipe line nor rail facilities to render marketing profitable.

Drilling operations by the rig offsetting the old Turney well, from which oil has been flowing at intermittent periods for some time past, were called to a temporary halt as a result of the blowing out of the bulkhead in the boiler furnishing power for the rig.

The Turney City Oil & Gas company, drilling a deep test 40 miles southwest of Fort Stockton, has recovered bit and shale—which were lost four weeks ago, resulting from the breaking of a set of jars, and drilling has been resumed.

The well is now down to a depth of a trifle more than 1300 feet, with the drill working in a conglomerate of lime and shale.

The report that the hole had an appreciable quantity of oil in it was without foundation.

**NEW WONDER LIFT IN  
SOUTH TEXAS OIL FIELD.**  
Houston, Texas, Sept. 12.—Flowing 6000 barrels of high grade crude oil through the drill stem the Abrams No. 1 of the Texas company has been named the wonder well of West Columbia.

The flow is coming through a two-inch opening in the drill stem. The well began flowing 35,000 barrels last week, but sank up and did not flow until a part of the stem was unscrewed from the bit.

**FIELD EXTENDED.**  
Rising Star, Tex., Sept. 12.—The Rising Star oil field has been extended one-fourth mile to the northwest by the No. 4 Shock, of the In-ventible Oil company. The well came in flowing 500 barrels daily, after being given a heavy nitro-glycerine charge at bottom 229 and 230 feet. The new well is southwest of the company's Nos. 2 and 3 on the same tract.

**STRIKING YARDMEN DENY  
WALKOUT IS CALLED OFF.**  
Chicago, Ill., Sept. 12.—John Grunau, president of the Chicago Yardmen's association, one of the unions which called the switchmen's strike April 1, today denied widely circulated reports that the strike had been called off.

Strikers in other centers refused to take a vote on ending the strike. Grunau said, while the men in the Chicago district voted 21,574 to 21,394 to remain out.

Grunau's figures are disputed by T. J. Meinenhagen, head of the yardmen in the Kansas City district, who is here. He said the Chicago majority in favor of remaining on strike was 1984, but declined to say what information he based his figures.

**UNION PLANNING \$170,000  
HEADQUARTERS BUILDING.**  
Kansas City, Mo., Sept. 12.—Construction of a national headquarters building to cost upward of \$170,000 is one of the major subjects to come before the convention of the International Brotherhood of Police Officers, Iron Ship Builders and Helpers of America, which began here today to continue throughout the week.

In the 16th century Pope Pius V vainly decreed the extinction of bullfighting.

THE POPULAR  
Annual Fur Sale

The culmination of months of planning, and many special purchases.

AS LONG AGO AS LAST MARCH, we began planning and purchasing fur coats and fur pieces for the Annual Fur Sale. Not only that—we purchased many peltries and had them manufactured according to our own style specifications. This one item alone will result in saving thousands of dollars for Popular customers. Out of town people are assured prompt, satisfactory attention on orders.

## Greater Than Ever

BY COMPARISON, every merchandising movement of the Popular is planned on a greater scale. This Annual Fur Sale is greater than any of the previous ones, and will offer further evidence that the great buying power of the Popular greatly helps the buying power of your dollar. A greater number of fur coats and fur pieces have been assembled and at the opening of the fur sale tomorrow morning, customers are invited to take advantage of the big fur sale values, for which they have waited.

A sale which we believe will prove a revelation in value giving.

## Dependable Qualities

BUYING FURS NOW is an investment. Buying furs during our Annual Fur Sale will be a source of unfailing confidence in such investments. Dependable furs from the finest peltries, in the approved Fall and Winter styles is what we offer. Every fur coat or fur piece you buy during this sale means buying to a definite advantage. Styles achieve an unusual distinctiveness, and merit consideration. More reliable furs than those offered in this Annual Fur Sale can not be purchased anywhere at better prices.

Luxurious Fur  
Coats

THE LUXURY of a fur coat appeals to the majority of women. Our Annual Fur Sale offers hundreds and hundreds of beautiful coats from which to select—all made up during the past summer—many patterned after our own original designs as well as the best of the new fashions from abroad. All the fur coats offered are of the most luxurious quality, and the workmanship and linings are superior in every case.
